

REMARKS/ARGUMENTS

Reconsideration of the application is requested.

Claims 1-24 remain in the application. Claims 1, 2, 14, 20, and 21 have been amended. The amendments are effected in response to the Examiner's detailed objections and rejections. It is believed that all issues have been addressed. Should any additional objections remain, the Examiner is requested to telephone counsel so that the matter may be resolved.

Enclosed herewith is a copy of page 42 of the specification. The image file wrapper accessible under PAIR shows that page 42 was scanned at an angle. The enclosed page 42 is a true copy of the originally submitted page 42.

The specification and the claims meet the requirements of 35 U.S.C. § 112, first and second paragraphs. Further, applicant agrees with the Examiner that the claims are also patentable over the art of record under 35 U.S.C. §§ 102 and 103. In view of the foregoing, the allowance of the claims is solicited.

Petition for extension is herewith made. The extension fee for response within a period of one (1) month pursuant to Section 1.136(a) in the amount of \$120.00 in accordance with Section 1.17 is enclosed herewith.

Please charge any other fees which might be due with respect to Sections 1.16 and 1.17 to Deposit Account No. 12-1099 of Lerner Greenberg Stemer LLP.

Respectfully submitted,
